What position(s) are you interested in running for? Assistant Cheer Director, Co-Cheer Director and Cheer Director
---

Why are you interested in serving on the MVJF&C Board?  I am interested in serving on the MVJVC Board to help create a positive team and athletic program for the children of the greater Maple Valley Area. I have served on the board for two years and would like to help support the continued success and growth of this youth sports program as a benefit to young children and the community. I believe in the Maple Valley Raiders and the positive impacts the program has for our children and community. What an amazing program to allow the children to grow their confidence, strength, and leadership skills and work together with children of all ages while still competing and having fun. I believe that youth sports help kids develop skills that will help them throughout their lives including trust, friendships and confidence. I am very impressed at the current board, coaches, volunteers as well as the kids that are the program—they are amazing and make this program a success.  I truly enjoy watching each athlete's skills and confidence continue to develop with their ongoing participation in the program—their success is reason to want to continue!  I also would like to see the partnership between Tahoma High School and Raiders continue to grow so that our youths are better prepared as they enter school athletic programs.

What benefits and/or experience do you bring to the program?  I bring many skills to the program including being a positive, friendly and approachable board member and coach. I am very skilled in working with diverse groups of people, children and adults. I am very organized, tactful and diplomatic and can handle delicate and stressful situations while still putting the kids and program needs first. I am a team player—I support our kids, members and can be trusted! In my professional experience, I have volunteered and served on many boards. I also bring many business and organization skills to the program including management, conflict resolution, meeting facilitation, motivational skills, public speaking marketing etc.. I am always willing to step up to the plate and help where needed. I am also a member of the Washington State Cheerleaders Coaches Association and plan to continue on with coaching education and certifications.
